

# The Cuddle Cloud

The Cuddle Cloud follows all regular mosh rules in addition to those listed below.

1. This area is meant for cuddling and down time, no rough housing.
2. While snuggling and belly rubs are ok, no sexual activity is allowed.
3. Do not approach or touch anyone who wishes not to be approached or touched.
4. Remember that consent is needed to cuddle with someone; an explicit "yes" is needed, anything else is a "no": "no" means no and "maybe" means no.
5. It is ok to have down time alone.
6. Cuddling is not a requirement, you are not obliged to cuddle anyone.
7. The Cuddle Cloud is a great area for aftercare, don't forget aftercare!
8. We ask that you do not intentionally take naps in the Cuddle Cloud. We understand that falling asleep accidentally while taking a relaxing break can occur, but do your best not to, as we are in a public venue. If you have fallen asleep, our designated Mosh Monitor will give you a kind nudge to wake you up.
9. The mosh venue is a noisy place, but we ask that there is no loud barking or yelling in the Cuddle Cloud area.

Have fun!!

Enter area at your own risk. Calgary Pups and Handlers, the venue and its employees, volunteers and members cannot and will not be held liable for any injury sustained while in the area.

CAL-PAH, the venue and said affiliates also cannot be held liable for any lost, stolen or damaged items. Please keep track of your belongings.
